FREE HEALTH SCREENING

We are pleased to offer a free health screening in partnership with MTMC, St. Thomas Corporate and Community Medicine, The Guidance Center, and the Mobile Health Unit. This service is available to adults ages 18 and older.

**Habitat for Humanity
850 Mercury Blvd
Murfreesboro, TN 37130
Monday, March 26th, 8:00 a.m. – 12:00 p.m.**

Health Screening Components:

Comprehensive Lab Work:

Please fast for 10-12 hours prior to test. Drink plenty of water. Continue to take medications as normal. Diabetics do not fast.

- **Our Community Medicine Test:** This is a comprehensive lab panel measuring 22 components of your blood work which checks heart, liver, and kidney function. Some of the tests included are Cholesterol, Glucose, Iron, Sodium, and Potassium.

Height

Weight

Blood Pressure

Dress:

Wear sleeves that can be rolled up for the lab draw and blood pressure.

Explanation of Results:

Your confidential results from the health screening will be mailed to your home address.
