Completion of an Employee Injury Statement or attempting to file an OJI Claim does not automatically guarantee acceptance of the individual claim. Therefore, after a full investigation of my OJI Claim, my claim may be non-compensable although I may have already seen an OJI Physician with OJI office approval. If this occurs, bills prior to the investigation will be paid in full by the Risk Management Department and I understand that I will be responsible for any further treatment or medication. I also understand that any unauthorized medical treatment will be my sole responsibility, as there is no coverage provided when this occurs. I also hereby authorize the release of my protected health information from any and all health care providers, their employees, and agents and direct them to release or disclose to RC Insurance Department (address above) my complete medical record regardless of stated areas of injury. I waive my right to confidentiality of these records for the purpose of an on-the-job injury. These records may be used by RC in making a determination as to my eligibility for benefits under the On-the-Job Injury program. Unless otherwise stated, this authorization expires 360 days from the date of execution. Making a false or fraudulent claim is an immediate ground for termination from RC.
